Hello,

I just spoke to Jackie from Universal Waste/Robert Group and we are confirmed to do this event at the Senior Center but because we are so late on this would everyone be ok to move this to the **11th of October**. That date is available at the Senior Center and it will give us plenty of time to promote and make sure we get all the businesses out.

Can you please email me and let me know if this works for your organization and if so then I will send around the final flyer so that we can get it printed (please let me know how many you would need when you email) and socialized.

Thank you and apologies for the delay on all this.

Best,

SuzAnn
